The global organization for professional services and education

TAGORG.com

Message from the Chairman

Over the last four decades, Talal Abu-Ghazaleh Organization (TAG-Org) has grown into one of the world's largest providers of professional services and education serving a global client base from its 80 offices worldwide. We offer a broad range of professional and educational services characterized by high quality, modernity and innovation.

Our passionate belief in the importance of education, coupled with a strong conviction that education is a human right, led us to establish a number of innovative schools, including the web-based Talal Abu-Ghazaleh University and the Talal Abu-Ghazaleh University College of Business-Bahrain. Prior to that, we founded the Talal Abu-Ghazaleh Graduate School of Business-Jordan, as well as various academies, including the Abu-Ghazaleh Cambridge IT Skills Center and the Confucius Institute for the teaching of the Chinese language. We firmly believe that education is the primary driver of development in the Arab world.

Our accomplishments have been the result of the efforts of our dedicated, professional staff. We provided them with training, education, opportunity, and an environment that encourages innovation and a commitment to excellence; those are the keys to unlocking true human potential .

We are also very grateful to our clients who trust us with their business affairs and allow us to grow with them. It is a privilege to serve them and we look forward to continuing to sustain and earn their confidence.

Capitalizing on our comprehensive knowledge of the socioeconomic and regulatory factors governing the world economy, in particular the Arab world, TAG-

Participants at the bi-annual meeting that was held at Talal Abu-Ghazaleh Business Forum in Amman - February 2012

Org recognized the need to contribute to and assist in enhancing the development of Arab institutions by building their capacities to ensure the continuity and sustainability of development and modernization in the region.

TAG-Org achieves its goals by employing highly experienced specialists of different nationalities who, based on their extensive knowledge of the region and the world, predict economic and social trends and then evaluate options to devise the most effective solutions for current and anticipated challenges.

TAG-Org has acquired an outstanding record of success among its clients, which include government agencies, international and pan-Arab funding organizations, as well as leading private sector entities in the areas of banking, industry, insurance and commerce. We have successfully assisted our clients with key market decisions that define their future role and impact within their industries.

Mission Statement

To provide high-quality professional and educational services at the highest international standards, and to contribute to global economic, social and cultural development.

Goals

Our goal is to work hard to remain at the top.

Utilizing and further developing our extensive and unrivalled international business experience and an in-depth knowledge of the socio-economic environment, in particular in the Arab region, TAG-Org aims to customize its services to match its clients' needs. Putting the expertise of its diverse, multinational and dedicated

personnel to the best use, TAG-Org commits itself to fulfilling the needs of companies, the public sector and international organizations in an evolving world market.

Professional Responsibility

We consider that it is our obligation to abide by the highest ethical principles in all our professional and business operations. All TAG-Org services are rooted in integrity and carried out with diligence. We strive for perfection by creating a professional role model for others to follow. We are proud that our principles are never compromised.

Corporate Operation Standards

The Organization implements a common general framework of policies regulating professional practices, staff management and the execution of programs throughout all its offices, which unifies us as a group while allowing individual contributions to positively influence our progress and development. We have a dedicated quality control department that requires each office to regularly undergo a peer review, carried out by other TAG-Org offices, to confirm that the quality of work is consistent with the standards of our global network.

Our People

Our strength comes from our people. We are proud of the diverse nationalities and backgrounds that characterize our staff. TAG-Org has dedicated itself to hiring not only experienced staff, but also young diaspora Arabs, fresh from universities across the world to ensure a wealth of varied knowledge and cultures. All of our staff are professionally qualified, and many are internationally accredited by various certification boards.

Continuous Development

We constantly design and implement development programs to improve our ability to provide the highest quality and the most comprehensive array of services to our clients. Each employee belongs to a team of professionals committed to the continued improvement of our services.

Professional Integrity

At TAG-Org, we abide by the principles of absolute integrity and deal with all of our clients' information in the strictest confidence. We ensure that each individual within the firm upholds our principles and is well aware that any action that adversely affects our integrity or image has never been and will never be permitted.

Our International Aspirations

We see it as our duty to provide services at both the national and international levels. TAG-Org has launched a variety of innovative initiatives in the last decade, especially in the field of education and capacity building, notably the establishment of universities and colleges, including the Talal Abu-Ghazaleh University that is available for people worldwide to attain top-quality education in order to succeed in the information age.

Talal Abu-Ghazaleh & Co. International (TAGAudit) tagi.com

Talal Abu-Ghazaleh & Co. International (TAGAudit) has led the Arab accounting profession through its rapid development during the last four decades. It was among the first to apply international accounting standards in the Arab world and, nowadays, it is known across the region as a name that is synonymous with high standards and integrity in the fields of accounting, auditing and financial services. It has represented Arab accountants in international forums and continuously promoted educational and professional recognition for the Arab accountants.

In addition, TAGAudit is currently the only Arab member of the elite Forum of Firms (FOF), with all the others being Western-based. The FOF is an association of international networks of accounting firms that perform audits of financial statements that are or may be used across national borders.

Talal Abu-Ghazaleh Domains (TAG-Domains) tagidomains.com

TAG-Domains, a subsidiary of Talal Abu-Ghazaleh Intellectual Property (TAG-IP (AGIP)) and an ICANN Accredited Registrar, was established to provide Arab and regional online businesses with a full range of domain name services. Today, through our network of offices and correspondents across the globe, our experience in domain consultation enables us to provide clients worldwide with the right approach for the protection of their brand names. As one of the few companies in the Arab region to cover a wide range of gTLDs and ccTLDs for domain name registration services, we have cemented our reputation as a leading domain name service provider.

The business world is constantly searching for better means to expand and advance, consequently the issue of protecting brands has become highly significant. Given that many brand names are being used across the globe, domain name registration is necessary. By simply registering a domain name, any business can establish

the protection needed to guarantee its presence in the rapidly growing global market. The domain name industry has proved to be a positive force for business development. Therefore, TAG-Domains exerts its best efforts to protect the brand names of its clients. At TAG-Domains, we offer our professional advice and engage the necessary means to provide the services that help our clients meet all their needs.

Domain Name Registration Services:

Our reputation for being a leading domain name service provider for gTLDs and ccTLD derives from our wide range of specialized services which include:

- Generic Top-Level Domains (gTLDs): Registration, Renewals, and Transfers.
- Country-Code Top Level Domains (ccTLDs): Registration, Renewals, and Transfers.
- International Domain Names (IDN): Registration, Renewals, and Transfers.

Domain Name Monitoring:

TAG-Domains is pleased to offer a Domain Name Monitoring Service: watching all new domain registrations for possible infringements against your registered Domain Name or Trademark. In the monitoring process, we search more than 700 domain extensions, including gTLDs and ccTLDs, to detect and report identical or confusingly similar matches and uncover potential typo-registrations. We then categorize and prioritize results based on domain and web category, website activity, registrant, and geographical factors; test for active email or websites associated with each domain; and track changes in WHOIS, content or popularity.

Internet Monitoring:

TAG-Domains helps protect brand owners' rights by proactively monitoring the massive amount of active websites that are using your brand.

TAG-Domains services are:

- Online content watching
- Logo monitoring

HE Dr. Talal Abu Ghazaleh speaks during WISE Conference

- Auction monitoring
- Phishing Detection and Deactivation Services
- Social Media Monitoring
- Special projects.

Social Media Monitoring:

Social media is considered a very important marketing and information gathering tool. Recognizing this, TAG-Domains helps brand owners find out what consumers are saying about their brands in social media. Results may be presented every four hours, every day, or every week.

Our Social Media Monitoring service enables IP owners to monitor online posts, blogs, Tweets, articles, and other types of social media entries, analyze whether the mentions are positive or negative, measure the success of their social media marketing efforts, and react quickly to new opportunities and threats.

Trademark Clearing House (TMCH)

TAG-Domains enables brand owners to protect their brands from any possible third-party infringement. We provide clients with an opportunity to sit their trademark

data into one centralized database, prior to and during the launch of new gTLDs. By subscribing in the TMCH database, our clients are able to track potentially infringing registrations and are notified if someone else registers a domain name that directly matches or conflicts with the client’s brand.

Abu-Ghazaleh Intellectual Property Renewals (AGIP-Renew) agiprenewals.com

Overview

AGIP-Renew offers Intellectual Property Rights management service on the basis of a new concept, where a client pays a fixed annuity for the application it desires to renew without any extra charges. The client will not also be obliged to pay any annuities for the applications in its portfolio that it wants to renew.

Becoming an AGIP-Renew client guarantees the highest of professional service from our staff who dedicate their expertise, time and knowledge to serve in the most time-effective manner. Trademark portfolio management is a major priority through which we provide the necessary information about trademarks, whether registered with us or not.

AGIP-Renew services include:

- Trademark Renewals
- Patent Annuities Payment

Trademarks renewals:

AGIP-Renew uses regional offices to facilitate trademark management for our clients. Following up on legal and financial matters related to renewals is time-consuming, and the fulfillment of the requirements of each country involves a lot of transactions and administrative efforts.

AGIP-Renew is eager to assist its clients in overcoming such difficulties, and therefore handles all accounts promptly and accurately.

HE Dr. Talal Abu-Ghazaleh presenting to Mr. Sharbel Aoun, Lebanese ambassador to Jordan, a signed copy of Talal Abu-Ghazaleh ICT Dictionary, Amman, 2009

Any legal office can manage its portfolio via our website by using an easy-to-use account containing all data related to trademarks, and trademark owners can manage their portfolios using their individual accounts. All registered trademarks are entered into our database and therefore AGIP-Renew is the best choice for the renewal of registered trademarks. A client instructs our staff to proceed with the renewal procedures and within hours the client's accounts and portfolio are ready and combined into one account. We can also serve our clients' accounts without providing the details of trademarks and their renewal dates. AGIP-Renew has a massive database containing complete information about every trademark registered in the region.

In future, AGIP-Renew will provide a service of paying patent annuities on behalf of clients.

Talal Abu-Ghazaleh University- (TAGI-UNI) tagiuni.com

TAGI-UNI is a global educational alliance providing distance learning opportunities through partnership with professional associations, training providers and educational institutions. Under its mission “to make accredited educational programs accessible to everyone, everywhere”, TAGI-UNI offers anyone with a computer an opportunity to learn wherever they may be.

Mr. John J. Hurley, president of Canisius College and HE Dr. Talal Abu-Ghazaleh, president of Talal Abu-Ghazaleh University (TAGI-UNI) sign a cooperation agreement

The TAGI-UNI model, established in 2012, was specially designed to meet the learning needs in an ever-changing world and to equip students with the necessary skills to face the challenges of the modern world economy. Instead of competing with the established universities and institutions, TAGI-UNI uses partnerships to provide accredited academic programs and certificates through a global student body.

TAGI-UNI utilizes local and international resources to promote and provide the programs of partner universities and admit students who meet the admission standards of those universities, in addition to providing other services including student consultation, career consultation and examinations safety consultation.

It also provides a qualified faculty, when necessary, to deliver face-to-face education in mixed programs. TAGI-UNI will offer partner universities the opportunity to increase enrollment rates by providing their programs to a wider spectrum of qualified students worldwide.

TAGI-UNI will provide the following academic courses:

- Academic programs (Bachelor, Master and PhD)
- Economic development policies and programs
- Languages (Arabic, English, Chinese, French and

- German)
- ICT-based professional training
- Continued education
- Professional qualifications
- High-school diploma

In collaboration with its partners, TAGI-UNI also delivers innovative consulting services to academic institutions across the world.

Professional Societies

As part of our professional and social commitment, TAG- Org is both a patron and supporter of the following professional associations, which provide their members and the public with the means to follow the latest developments and innovations in their fields.

**International Arab Society
of Certified Accountants (IASCA)**
iascasociety.org

IASCA was established as a non-profit professional accounting association on 12 January 1984, in London. It was officially registered in Amman on 24 February 1994 under the name of "The Arab Society of Certified Accountants".

Mr. Amin Saleh, President of the Association of Certified Public Accountants (LACPA), presents Mr. Waref Kumayha, the Arab Society of Certified Accountants (ASCA) representative in Beirut, a letter recognizing the Arab Certified Public Accountant (ACPA) certificate in Lebanon

IASCA was the brainchild of a group of elite Arab accountants to advance the profession of accounting, management and related disciplines in Arab League countries. IASCA also aspires to support the professional independence of accountants and ensure their protection. The Society promotes the application of professional supervisory measures as a way to advance the professions of accounting and auditing. It also works to develop and facilitate the continuous dissemination and exchange of professional and technical information among accountants by holding conferences, meetings, seminars, training courses, and academic gatherings, in addition to encouraging academic and professional research.

IASCA has achieved a reputable professional position at both Arab and international levels. Given its concern for bringing the accounting and auditing professions in the Arab world to the highest international professional levels, IASCA monitors laws and legislation related to these professions, aiming to enhance the role of Arab accountants at the international arena. IASCA provides

the world with Arab accountants having academic and professional qualifications that are on a par with established international qualifications. IASCA also keeps pace with economic events and publicizes new financial and business concepts and ideas in order to provide members and associates with the means to follow latest developments and innovations in their fields.

The Society was established on February 23, 1987 in Munich, Germany under the name "Arab Society for the Protection of Industrial Property". ASIP's main objective was to promote and develop Intellectual Property protection in the Arab world through the development and modernization of IP systems and laws and regulations that govern them. ASIP is also dedicated to capacity building of IP professionals and practitioners, as well as enhancing awareness among the general public. The Society utilizes a number of tools to successfully achieve its objectives, such as holding education programs, conferences and seminars, research projects and studies.

ASIP holds many specialized courses and programs in the fields of Intellectual Property and Law, with the most important program being the Arab Certified Intellectual Property Practitioner (ACIPP). The program is the first professional Arabic program offering academic and professional training in the diverse fields of Intellectual Property through focusing on four main disciplines:

- Introduction to Intellectual Property
- Trademarks and Unfair Competition
- Patents of Inventions and Trade Secrets
- Copyrights and Related Rights

The Licensing Executives Society – Arab Countries (LES-AC) **lesarab.org**

LES-AC was founded in 1997 as the Arab Licensing and Technology Transfer Society (ALTTS). LES-AC is a member of the Licensing Executive Society International (LESI). It is the first non-profit Arab regional society that aims to educate the business community, governmental and public bodies on the economic importance of licensing, technology transfer, protection of Intellectual Property Rights (IPRs), and research and development (R&D) investments.

In addition to its member community, training courses, publications and other activities, it launched the Arab Certified IP Licensing Practitioner (ACIPLP) professional training program in 2007.

ACIPLP program is designed to give participants a solid foundation for building a successful career in the profession of licensing and intellectual asset management in all industries, as well as connecting principles to practice. ACIPLP is accredited by LESI.

The Arab Knowledge and Management Society (AKMS) **akms.org**

The Arab Knowledge and Management Society (AKMS) is a non-profit organization founded in 1989 in Buffalo, New York and was officially registered in Amman on October 10, 1990. The main objective of AKMS is to develop Arab organizations in both public and private sectors and provide high-quality training and education that meet the needs of different stakeholders in the various fields related to quality, management, training and marketing.

AKMS is a member of many professional institutes, such as the Chartered Quality Institute (CQI), ISO Technical Committee 176 and the Arab Information Club (ARABCIN).

AKMS's professional courses include the Arab Certified Quality Manager program (ACQM), advanced and customized training programs, and ISTO examinations. The Society has also issued several valuable publications. With more than 18 representatives in the Arab world, along with many reputed international associates, AKMS excels in delivering comprehensive services.

International Cooperation

Looking to the future with confidence, TAG-Org assists in developing a better world through building bridges for collaboration with international associations and organizations.

TAG-Org has signed a number of cooperation agreements and Memoranda of Understanding with the organizations:

» UNESCO

The United Nations Educational, Scientific and Cultural Organization (UNESCO)

and TAG-Org signed a cooperation agreement to work together on building inclusive knowledge societies and promoting Information and Communication Technologies (ICT) to support education, science and culture in the Arab world.

The agreement reflects the commitment of both TAG-Org and UNESCO to mobilize partners to build Arab knowledge societies, notably by increasing access to and measuring the use of ICT in different sectors of society, enhancing teacher training, and promoting Internet Domain Names in the Arabic script.

» SABEQ

The USAID Jordan Economic Development Program (SABEQ) and TAG-Org signed a Memorandum of Understanding (MoU) to sustain and develop the objectives of all professional sectors in Jordan.

The MoU streamlines access to the Talal Abu-Ghazaleh Graduate School of Business (TAG-SB) data on Jordanian best practices and methodologies to enrich the content of the Professional Communities portal, which is a tool for professionals in their respective fields. The portal serves to provide high-quality learning resources that support institutional reform of Professional Community member institutions. TAG-SB provides Professional Community members access to its inventory of research papers conducted by professors and students in Jordan.
